

# Fire and Rescue Training Institute

PRESENTS:

## Emergency Vehicle Driver Training

**Hours:** 16

**Prerequisites:** None

**Min/Max Students:** 15/24

**POST:** 8-Technical, 4-Legal,  
4-Skill

**CEUs:** EMS 16-Preparatory

### Description:

Recently redesigned and updated by VFIS, this course incorporates the major elements of a comprehensive driver's training program: classroom instruction, competency course, and testing. This course will teach students to use their own thought processes and will make them aware of the tragedy, financial loss, and legal and moral responsibilities associated with operating emergency vehicles.

### Course Objectives:

Within the context of presenting a comprehensive emergency vehicle driving training program this course is designed to present the necessary classroom, competency course training, and testing for new and existing emergency vehicle drivers. The program will verify proficiency in both the knowledge and understanding of, as well as, the practical application to emergency vehicle driving.

### Request This Class for Training:

This course may be requested and hosted by an individual fire department or a group of fire departments for delivery anywhere in Missouri at any time of the year. Requests can be made by contacting the MU FRTI office. You can download a request form online @ <http://www.mufrti.org/download/student.shtml>
