

Fire and Rescue Training Institute

PRESENTS:

Executive Skills Series: Managing and Leading Change

Hours: 12

Prerequisites: none

Min/Max Students: 15/25

ACE Credit Recommendation:

In the lower division baccalaureate/associate degree category, 1 semester hour in Business Management.

Description:

This course will introduce students to a four-step model they can use to effectively manage change. Course activities will include analysis, planning, implementation, and evaluation. The same model will be used to examine the executive's role in leading change. A variety of activities and simulations will allow students to apply management theories to issues that executive officers experience daily. This course will require an extensive assignment to be completed on the evening of the first day.

Course Goal:

To provide training on change management knowledge, skills, and abilities required of executive-level fire officers in fire and EMS organizations. In addition, provide an understanding of the need for change as well as a forum and environment in which students can exchange ideas and individual viewpoints regarding current and future issues relating to change management.

Request This Class for Training:

This course may be requested and hosted by an individual fire department or a group of fire departments for delivery anywhere in Missouri at any time of the year. Requests can be made by contacting the MU FRTI office. You can download a request form online @ <http://www.mufrti.org/download/student.shtml>
